LaTonya,

Here is one more fact sheet for transition book. Please accept edits and finalize. We will need to send this on to the budget folks as well as include in the transition book. There should also be some more West Lake info in the previously submitted information, I think.

Here are the edits combined from Audrey, Cecilia and DeAndre. Please advise on how to communicate these back to HQ.

I recommend the following be added:

Regarding PRPs, add language that the solid waste landfill portion closed in 2004 (?) and that maintenance of the closed landfill is the responsibility of the PRP with state oversight under subtitle D

Re: recent updates, I would add some info from the MDNR website regarding the installation of wells etc + the fact that the AG filed a complaint.

Hi Dan,

OCFO had some edits on the West Lake Landfill Fire. Can you please address them? They are looking to get these locked down today if possible. Thanks.
